

REMARKS

Claims 1-20 are pending in the application. In the above-identified Office Action, the Examiner objected to the Specification and rejected claims 1-20 under the judicially created doctrine of double patenting over copending Application No. 10/210,240.

The specification has been amended to overcome examiner's objection. A terminal disclaimer, Statement Under 37 CFR 3.73(b), Delegation of Authority, and fee transmittal are enclosed.

Reconsideration, examination, allowance and passage to issue are therefore respectfully requested.

Respectfully submitted,
Alan L. Kovacs
